

Becoming a Trade Ally

Looking for the opportunity for more local business? Join Evergy's Trade Ally Network!

Join the Evergy Trade Ally Network and connect with new commercial projects in your area. Evergy's Business Energy Savings Program helps businesses upgrade their equipment while reducing costs. As an approved Trade Ally, you'll have access to exclusive benefits that can drive more business and increase your visibility.

What are the Trade Ally Advantages?

As part of the Evergy Trade Ally Network, you'll enjoy:

- Company posting on the Contractor Listing Page
- Access to the latest information on the program
- Invitations to Trade Ally exclusive events
- Ability to co-brand yourself with our program

Specialized Program Opportunities

As a Trade Ally, you'll gain access to specialized programs designed to help businesses maximize energy savings.

- New Construction Projects (Missouri Only)
- Small Business/Non-Profit Incentives (Kansas Only)
- Custom Energy-saving Projects

How to Join:

Becoming a Trade Ally is easy! Just follow these steps:

- Complete the Trade Ally Application
- Submit a current Certificate of Insurance (COI)
- Attend a short, one-time orientation with our team

Once your application and COI are submitted, a team member will contact you to schedule your training.

Join the Evergy Trade Ally Network today and grow your business while helping business customers save energy!
