

BESP Incentive Program – Project Briefing

Thank you for your interest in the Evergy Missouri Business Energy Savings Program.

If you don't have a current project, but have questions about energy efficiency, incentives or how the program works, please contact us directly:

Email: businessrebates@evergy.com

Phone: (866) 847-5228

If you are reaching out about a planned project, please use this form to provide basic information about the project. This information will be used by the program to identify incentive opportunities for your project, provide recommendations, or request additional action before you submit an incentive application.

Provide as much of the following information as you can. Only the fields with an asterisk "" are required at this time. However, complete documentation will shorten the time for review.*

A Business Development Representative will contact you following your form submission.

1. Contact Information

Full Name*

Company Name*

Email*

Phone Number*

I prefer to be contacted by:*

2. Project Information

Project Address*

Evergy Missouri Customer Name*

PLEASE RESUBMIT THIS FORM FOR INDIVIDUAL SCOPES OF WORK WITHIN YOUR PROJECT. YOU WILL ONLY BE CONTACTED BY ONE REPRESENTATIVE BASED ON THE INFO PROVIDED IN THE CONTACT AND PROJECT INFORMATION.

3. Describe the proposed equipment or measure ("Proposal") for which you are pursuing incentives.

Specification sheets, submittals, or scope of work will need to be provided.

4. What is the estimated cost of material and installation for the proposed equipment or measure?

Provide a quote or estimate of costs for the Proposal if available.

Cont.'d on next page.

BESP Incentive Program – Project Briefing

5. Describe the lower cost alternative option that would take place instead of the Proposal above if incentives were not available. This is the “Baseline” for the Proposal. Please indicate if no alternative option has been considered.

Provide spec sheets or other verification of baseline performance as is appropriate.

6. What would be the estimated cost of material and installation for the Baseline?

Provide a quote or estimate of costs for the Baseline if available.

7. Please review our list of [Standard incentives](#). If you believe any parts of your Proposal are not included in our Standard incentives, identify them here.

ENERGY SAVINGS WHICH WILL EVENTUALLY OFFSET THE INCREMENTAL COST OF THE PROPOSAL OVER THE BASELINE IS THE ASSUMED MOTIVATION FOR ENERGY EFFICIENCY PROJECTS. ESTIMATED SAVINGS FOR CUSTOM MEASURES WILL NEED TO ASSUME ANY STANDARD MEASURES HAVE ALREADY BEEN IMPLEMENTED.

8. Have you evaluated the energy savings that will result from this project? If so, how were the savings calculated?

Provide any energy savings calculations you have completed unless you completed an energy model. A copy of the model file may be requested in the future.
